Explanation of Point Delegation:

Participation Points Incentive for people to play and make up ground on those who don't.

Final Table Bonus An additional bonus for making the final table in a multi-table TX.

Placement Points Take the total number of participants and give the winner that number - each subsequent player gets one less point. This gives a weighted ranking so people who play a 10-person MNP tourney and win do not receive the same weight of points as someone who won a 50-person tournament. However, in a game with a single table there will be no bonus points or participation points given, only placement points.

Total Points Determines your overall ranking - self explanatory I would hope...

Individuals who qualified for the Tournament of Champions table.

10 points
